- City of Buckhannon, WV – Billing and Customer Management System conversion, advanced network design and installation

Company History

MPL Corporation is a privately-held Women-Owned Small Business headquartered in Buckhannon, WV, a HUBZone-qualified location. We concentrate on solving the information problems of our clients using skills in information technology, project management, engineering staffing, and network and systems management. Our staff possesses extensive experience with most operating system platforms, database management technologies, programming languages, and have particular subject matter expertise in high performance computing (HPC) systems administration and mission-critical software verification and validation. MPL is experienced in building successful inter-company teaming relationships, and leverage our partner base whenever necessary to meet our clients' needs.
